

Strategic Planning Council

The Strategic Planning Council is a reporting committee of the Faculty Senate and recommends to the University President on all strategic planning issues, including academic planning, institutional effectiveness, accountability, budget planning, and student services. Its scope does not include that of the Campus Master Planning Committee and the specifics of computer and technology policy that are covered by the Information Technology Resources Policy Committee. Terms of service for faculty members shall be three years, staggered. All current, 2006-2007 members are voting members.
